## YOUR KITTEN CHECKLIST

Everything you need to prepare for the arrival of your new kitten

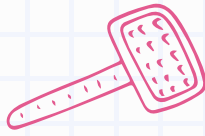

### THE ESSENTIALS

- Food** – Superior Nutrition for your kitten's development. If your kitten isn't already eating Superior Nutrition food, introduce it to them slowly to avoid an upset tummy
- Litter, litter liners, tray and scoop** – Talk to the team in-store for advice on what litter and tray is best for you and your kitten
- Collar and ID tag** – Personalise your kitten's collar with their name and your contact details
- Flea and worming treatments** – Visit "The Spot" in-store for advice on the best treatment for your kitten
- Carrier** – Essential for safe travelling with your kitten. Get them used to it from a young age
- Bed** – Warm bed so they feel comfortable and safe
- Scratch post** – A scratch post can help save your furniture and it encourages your kitten to explore and play
- Toys** – Kittens need toys for chase, play and to stimulate their minds

## USEFUL ITEMS

- Bowls** – It's important for your kitten to have their own bowls away from other pets for stress free feeding. Also remember to keep the litter tray away from bowls
- Cat door** – Once your kitten has settled in over 6 weeks or so, you can train them to use the cat door
- Brushes and combs** – Keeps their skin and coat in good condition and prevents matting
- Treats** – Reward good behaviour
- Catnip** – Available in spray or dried form, this can encourage your cat to use their scratch post
- Stain and odour remover** – For easy clean up of accidents
- Microchipping** – Identifies your kitten so you can be contactable and they can make their way home

## PET TALK

Visit [animates.co.nz/pettalk](https://animates.co.nz/pettalk) for more helpful tips and advice on raising your kitten

ANIMATES  
**vetcare**
